

Airbus Defence & Space Electric Propulsion Market Trend EPIC 2017

Vincent JACOD
Head of Electric Propulsion Department
24/10/2017

A bright blue ring of light, resembling a plasma or ion thruster, is shown on the left side of the image. A beam of light extends horizontally from the center of the ring towards the right. The background is dark, with some faint blue highlights and a small blue spot in the upper left corner.

**IN ELECTRIC PROPULSION
WE THRUST**
